Experience

Full-Stack Developer — Council for the Development of Cambodia (CDC) Jul 2026–present
Continued on full-time after the second internship, working on internal platforms for the Council.

Full-Stack Developer Intern — CDC Jan 2026–Jul 2026
Built on **cdcIRM**, a mail-aggregation and CRM platform with deep integration across internal systems.

Mobile Developer Intern — CDC Apr 2025–Jun 2025
Built the mobile app for **cdcNews**, a news-aggregation platform, for browsing and downloading daily news reports.

Selected projects

- **Mata-Bot** — Discord bot for designing, visualising, testing, converting, and minimising finite automata.
- **cdcIRM** — internal mail-aggregation and CRM platform.
- **cdcNews** — mobile app for a news-aggregation platform.
